

Anesthesiology

RESIDENCY PROGRAM AT
**Ocala Regional
Medical Center**

Welcome to the Anesthesiology Residency Program at Ocala Regional Medical Center

The Anesthesiology Residency Program at Ocala Regional Medical Center is part of the HCA Healthcare Graduate Medical Education network. HCA Healthcare is the nation's leading provider of quality, patient-centered care. We are also the leader in graduate medical education, all brought together by a single mission:

Above all else, we are committed to the care and improvement of human life.

ACGME ID: 401100212

Welcome and thank you for your interest in our program. In partnership with HCA Healthcare GME, we adhere to the mission statement, "Above all else, we are committed to the care and improvement of human life". The Anesthesiology Residency Program is committed to training physicians in the science and practice of anesthesiology and perioperative medicine. In this context, we will train our colleagues in delivering evidence-based, high quality medical care emphasizing patient safety goals, and in which patient and family satisfaction is optimized. Excellence, collegiality, compassion, and integrity in patient care are the core tenets of our program education. We envision the residency program as a safe, positive and inspiring clinical environment to improve health outcomes and better serve our community.

Sincerely,

Ettore Crimi, MD

Program Director

Our Faculty

Ettore Crimi MD, Program Director

- Anesthesiology Residency completed at MGH/Harvard
- Cardiothoracic Fellowship completed at Stanford
- Critical Care Fellowship completed at University of Florida
- Subspecialty interests include critical care medicine, cardiothoracic anesthesia, and translational research.

Brit Smith MD, Associate Program Director

- Anesthesiology Residency completed at University of Florida
- Cardiothoracic Fellowship completed at University of Florida
- Subspecialty interests include critical care medicine and cardiothoracic anesthesia.

Jose Rojas Jr. MD - Site Director - Osceola Regional Medical Center

- Anesthesiology Residency completed at Saint Vincent's Hospital and Medical Center
- Pain Management Fellowship completed at Saint Vincent's Hospital and Medical Center
- Subspecialty interests include OB anesthesiology and pain management.

Sadiq Shaik MD – Site Director - Nemours Children Hospital

- Pediatric residency completed at University of Florida
- Anesthesiology residency completed at University of Florida
- Pediatric anesthesiology fellowship completed at University of Washington, Seattle Children's Hospital
- Subspecialty interests include pediatric anesthesiology

John Heinbockel MD - Chief of Anesthesiology

- Anesthesiology residency completed at University of Alabama
- Subspecialty interests include bariatric surgery and neuroanesthesia.

William Doyle MD - Chief of Anesthesiology

- Anesthesiology residency completed at University of Florida
- Subspecialty interests include cardiothoracic anesthesiology, OB-GYN anesthesiology, and pain medicine.

About the Program

- First Month's Orientation:
 - Two weeks of lectures and simulations covering topics in anesthesia such as room setup and machine check, pre-operative encounter, induction, intubation, patient positioning, common medications, emergency processes, intraoperative event management, and recovery.
 - Residents will work one on one with attending to assume progressive responsibility throughout orientation.
 - Two-Four weeks tutorial call schedule.
 - End of orientation OSCE assessment.
- Written exam preparation using TrueLearn quiz assignments based on board materials.
- Keywords Review
- Simulation sessions at Ocala Regional Medical Center
- ABA Applied Exam preparation: mock oral and OSCE.
- Biweekly didactic series, board study sessions, conference series and simulation on Thursday's academic day. Biweekly conference series will alternate between:
 - Grand rounds
 - Morbidity and Mortality
 - Journal Club
 - Echo Rounds

Resident Benefits

- 2020-2021 Salaries: PGY-2: \$56,819.00 (CA-1)
- Vacation/Sick leave: 4 weeks (20 days) per academic year for CA-1,2,3 (Cannot exceed 60 accumulated absences CA 1-3 per ABA)
- Educational Leave: Must be pre-approved by Program Director
- Insurance: Medical and dental insurance for both resident and family at a shared cost; disability insurance; life insurance
- Retirement: 401(a) FICA Alternative Plan
- iPhone and laptop provided; free parking; lab coats

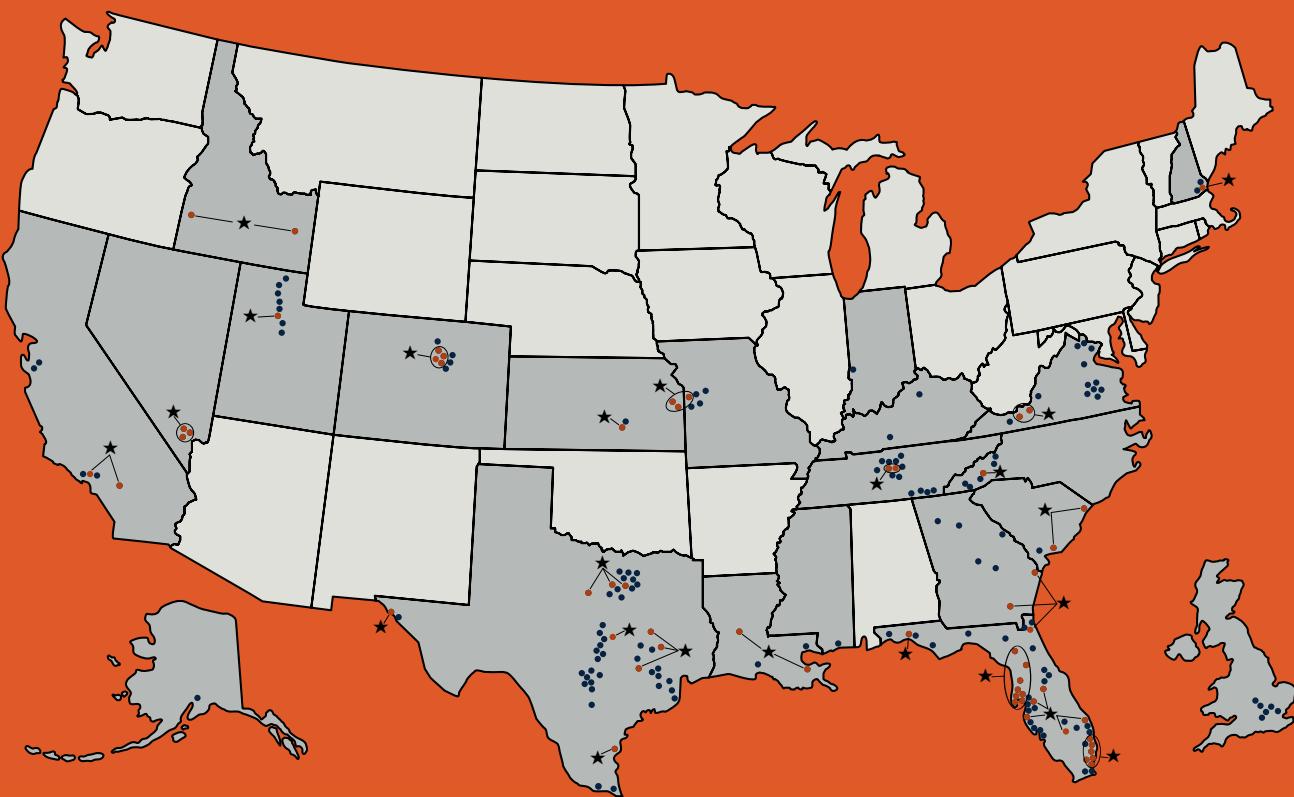

About HCA Healthcare GME

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

To learn more about the benefits and expectations of training with an HCA Healthcare program, view our [Resident and Fellow Manual](#).

Scholarly Activity

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and real-world patient care from a sophisticated data repository of more than 32 million patient encounters each year.

2,500+ HCA Healthcare GME scholarly activities in 2020-21.

Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

32+ million patient encounters
7.4 million emergency room visits
215,000+ babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, **real-world patient health solutions.**

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

Influential Collaboration

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

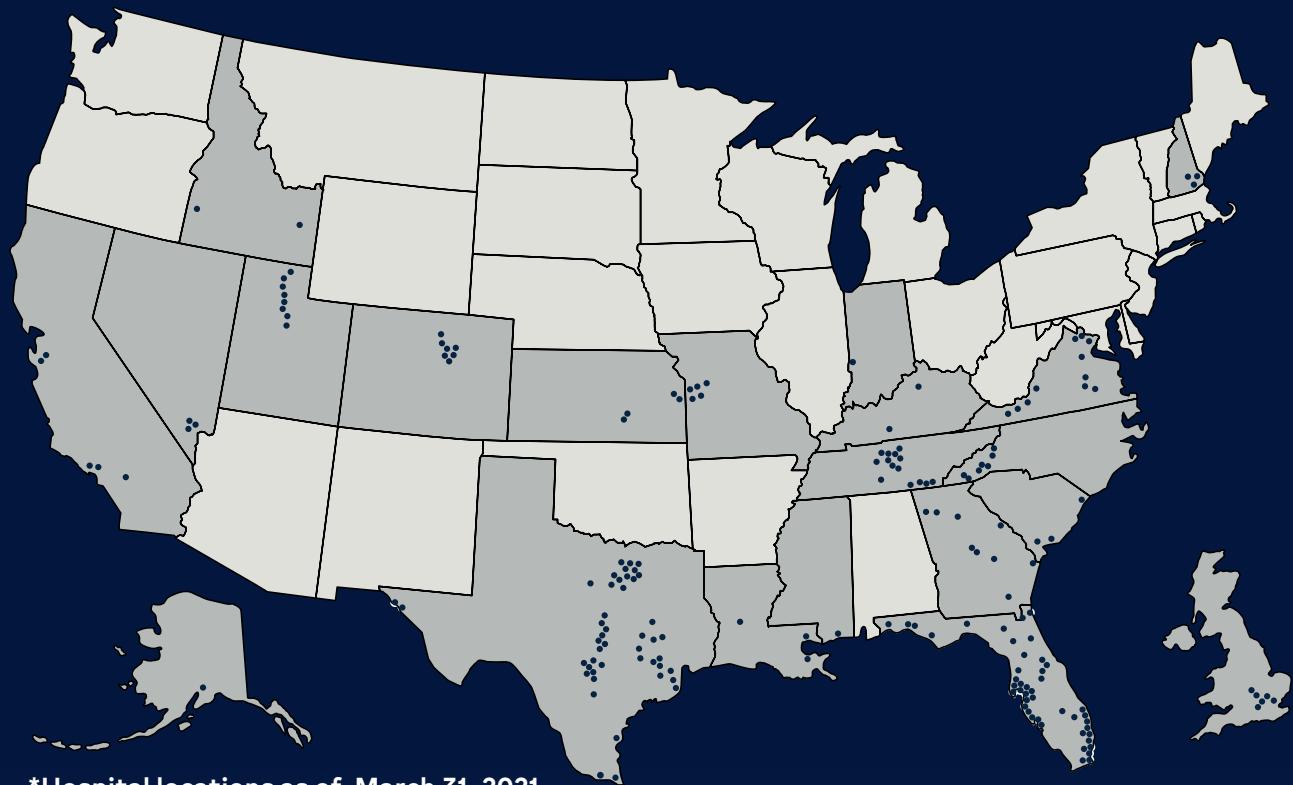

HCA Healthcare Scholarly Commons is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
